NUMB. 161

WEDNESDAY, AUGUST 26. 1740.

N<sup>o</sup>. 1611.

Barbados, June 4.

Yesterday his Excellency the Governor made the following Speech to the Council and Assembly:

Gentlemen of the Council and of the Assembly,

Y calling you so soon I have made appear the Opinion I entertain of your Disposition, to do every thing for the Publick Good. The Views which I presume you have of discharging your Trust to the People, render it the less necessary for me to remind you of whatever is worthy of your

are; and the Opportunity you now have to advise together, will engage you to take such Measures as may prove most beneficial to your Country.

The unhappy Condition of the poor distressed Prisoners induces me to recommend their unfortunate State to you: As Humanity itself is sufficient to remind us of their Grievance, it will no doubt raise a Tenderness and Compassion in you to make such Provision for their Ease and Relief, as the Wisdom of most Nations has judg'd proper in the like Cases.

The Abuses daily carried on by many of the Inhabitants employing their own and other Slaves in Selling and Bartering, demand your serious Attention. A Practice owing not only to particular Defects in the Law passed for remedying that Mischief; but to a shameful Remissness in some Magistrates in the Discharge of their Duty. It is indeed a Practice so scandalous in itself, and so frequently productive of other Crimes, that I persuade myself you will provide a suitable Remedy, and restrain those Disorders that tend so much to the General Damage. Sure no Person of Fortune and Character can countenance, much less give Occasion to, such complicated Guilt.

As the fitting out of Privateers to go in quest of the Enemy may prove a Security to your Trade, and a Protection to this Colony; so, I fear, the Want of a proper Security to repair any Loss that may thereby ensue, and the Delays formerly used in the Proceedings upon Captures, are Discouragements that prevent those useful Undertakings: In such Case you will judge it necessary to think of proper Means for repairing the Damage which may happen to Adventurers; as likewise that the Charge of Condemnation of Prizes be satisfied by the Publick; and establish such other Methods, as may encourage Persons, even on the earliest Notice and emergent Occasion, to fit out Vessels for the Service of the Island.

Gentlemen of the Assembly,

The Common Benefit you will receive by the immediate Repair of your Fortifications and Batteries, obliges me to remind you of their Condition, and once more call on you, to make such Publick Levies as have been formerly accustomed; by which they may be the Defence rather than the Disgrace of your Country: You will thereby receive the Satisfaction of continuing that Security to your Possessions which the Wisdom of your Ancestors did provide for, and is become so necessary at this Critical Juncture. Indeed your own Safety is so much concerned herein, that I doubt not of your cheerful Concurrence, in a Work that tends so much to the Honour of your Country, and the Welfare of every Individual.

This leads me to observe to you likewise, that great Complaints are made concerning the Militia of this Island. If the present Laws for settling that useful Body of Men are imperfect, you will consider of their Deficiency; and in that case, the Legislature will surely find a proper Remedy, and enable me to put the Militia Forces in such a State, as to make them serviceable to yourselves, as well as a Defence of this Part of his Majesty's Dominions.

This Government being considerably indebted to Francis Whitworth, Esq; Secretary of this Island, I have, in obedience to the express Orders received from his Majesty upon his Claim, caused the Accounts to be strictly examined before me in Council; and as the Sum which is justly due to him is evidently owing for Business of the Publick, I most earnestly recommend to you the punctual Payment of the same. This Demand on the Country, enforced by Royal Authority, supported by Justice, and so reasonable in its Nature, will, I am confident, persuade you to make immediate Provision for discharging it.

The Regard I have to Publick Credit is my Motive to remind you, that upon no Account you make it a Sacrifice. Let the Principle of Equity govern all your Deliberations. If many of your Publick Orders, for which there is no Money applicable, remain undischarged, and a large growing Interest considerably increases the Debt, your own Honour will oblige you to make such Provision for paying them, as may free you from that Burthen.

Gentlemen of the Council and of the Assembly,

It is well known, that, in this Time of War, the Number of Gunners and Matrosses are to be increas'd in every Division, according to the Appointment of the Act or Statute for that purpose, and that it is incumbent on me to issue forth Warrants to such as I shall think fit to appoint, in order to be distributed in such manner as I may judge most useful for guarding and securing the several Ports, Bays and Batteries in this Island, from the Insults of the Enemy. The Publick Expences however would so much increase by my Observance of the Law, that I take this early Occasion of signifying my Readiness to grant, as far as I legally may, all possible Ease to the People, and free the Publick Treasury from any additional Demand. I will therefore heartily concur in any Act that may enable me to suspend the issuing forth those Warrants to a more convenient Time. I shall esteem it a happy Circumstance to recommend myself to his Majesty by a prudent Forbearance of the Exercise of my Authority, particularly when it shall prove a Measure to procure me your good Opinion.

The remarkable Agreement which now appears among you cannot fail to render my Government easy. It is certain, nothing shall be able to move me from a steady Pursuit of the true Interest of this Colony, and from taking every Method that can establish the Happiness of a Free People.

## L O N D O N.

They write from Rome, That the Two Factions of Corsini and Albani persist in their Opposition to each other in the Conclave; which still retards the Election of a Pope. For several Days Cardinal Aldrovandi has had from 30 to 32 Votes, so that in all Likelihood the Election will at last fall upon him; yet some Cardinals have made a Protest, that they will not submit to it even though he should have a Majority. A Report having been spread about that City, that the two Venetian Cardinals, Rezzonico and Querini, were very active against Cardinal Aldrovandi, on Account of some Political Reasons of their Republick, the Venetian Ambassador had a long Conference with those Two Cardinals, and declar'd to them that the Republick had no Exceptions to any of the Cardinals. The French Ambassador had also a Conference at the Gates of the Conclave with the French Cardinals. That a Courier pass'd thro' that City with Dispatches from the Court of Naples to that of France, notifying the Porte's Ratification of the Treaty of Commerce lately concluded by the Grand Signior with the King of the Two Sicilies. Letters from Naples give an Account, that there have been great Motions among the Troops; most of the Garisons in that Kingdom, as well as those on the Frontiers of Tuscany having been changed; not only for preventing the late great Defection of their Soldiers, but for putting those Garisons into a good State of Defence.

On Thursday last M. Wafar, Counsellor to, and

Minister from the Emperor, had a Private Audience of Leave of their Royal Highnesses the Princesses Amelia, Caroline, and Louisa; to which he was introduced by Sir Clement Cottrell, Knight, Master of the Ceremonies.

Capt. Moxham, of the St. John Evangelist, arriv'd at Dover from Madeira, brings Advice, that the Tilbury and Defiance Men of War, with 32 Ships under their Convoy, sail'd from thence the 5th of July for the West Indies; the St. Francis, Parks, was the only English Vessel left at Madeira, who was to sail in three Weeks for London.

By Letters from Huntingdon we hear, that on the 11th Instant Mr. John Lovill, a Drover of Ramley in that County, was robb'd of 83 l. by two Highwaymen, between St. Ives and the Town of Hurst in the said County, for which Sum he will sue the County, the Robbery being committed about 4 in the Afternoon.

On Friday Night last died, in the 44th Year of his Age, at Reading in Berkshire, on his Way to the Bath, Joseph Carlton, Esq; a Gentleman possessed of a plentiful Estate in the County of Wilts.

On Monday last about 7 o'Clock in the Evening, a young Woman, Servant to a Gentleman's Family in Hummerton near Hackney, returning from Temple Mills, was met near the Bridge on Hackney Marsh by Two Men mounted on White Horses, who on Sight of her dismounted, and laid hold of her with drawn Penknives in their Hands, swearing if she did not comply with their wicked Desires, they would instantly be the Death of her; which she refusing, they dragg'd her to an adjacent Ditch, in order to perpetrate their villainous Design; but happily for the young Woman some Company appear'd in Sight, which the Villains perceiving left her, mounted their Horses, and rode off with the utmost Expedition.

This Day the Commissioners of his Majesty's Navy will contract for Meal; and on Friday they will contract for Wheat and Flower for the Use of the said Navy.

Last Saturday died, at his House at Amptill in the County of Bedford, Simon Parker, Esq; a Gentleman of a good Estate in the said County.

On Friday last Sir Michael Newton's Bay Horse, Toleration, and Mr. Martindale's Bay Horse, Sedbury, started at Lewes in Sussex for his Majesty's Plate of 100 Guineas, which was won by the former.

And on the Day following the Purse of 50 Guineas was won by Mr. Greffwood's Bay Horse, Partner.

Yesterday both Houses of Parliament met at Westminster, pursuant to their last Prorogation, and were by the Right Hon. the Lord High Chancellor forthwith prorogued to Tuesday the 30th Day of September next.

The most excruciating Rheumatism, and all Rheumatic Pains, fix'd or wandering, in the Limbs or other Parts, infallibly, and instantly cur'd without purging, or the least Trouble or Disorder.

**BY incomparable Chymical Drops,**

which at once entirely free the Patient from that cruel Distemper; for they immediately restore a due and equal Circulation to the Fluids in the minutest Canals, by effectually attenuating and subduing the pernicious Lentor, or obstructing viscid Humour which occasions all the Torture, informing that all Manner of Pain, though ever so violent, presently vanishes, to the Admiration of all who have taken them, who could not believe it in the Power of Medicine to give such sudden, and seemingly miraculous Ease, till happily convinced by their own Experience.

Hundreds who had been miserably afflicted with the Rheumatism many Years, and try'd most other Remedies in vain, have been instantly cured by these most excellent Drops, which were never once known to fail. They are agreeable to taste, and for Safety might be given to an Infant; and are to be had only at Jacob's Coffee-house against the Angel and Crown Tavern in Broad-street behind the Royal-Exchange; at 2 s. 6 d. a Bottle, with Directions.

**The only short and infallible Cure**

for that reigning Disease the SCURVY, and all Scorbuteck Humours, who arrived to the highest and most inveterate Degree, or of ever so many Years standing, and that without any sensible Purge, or the least Purgings, which by an unaccountable Mistake is generally advised, although always found rather to increase and confirm the Scurvy than cure it.

By the so much famed and most pleasant Chymical DROPS:

**WHICH, without the least Trouble,**

Confinement, or any Disorder whatsoever, do at once free the true Cause of the Scurvy, and entirely destroy it, and all Scorbuteck Humours and Effects, Root and Branch, so as never to return again, as many Thousands of both Sexes have experienced, and as all who take them in 3 Days time will be convinced; for they almost instantly alter the morbid State of the Juices, purify the Blood, sweeten all the Fluids, cleanse them from Impurities, and directly clear the whole Habit from all Spots, Blisters, black and blue Marks, Itchings, foul Eruptions, or Breakings out, Warts of the Limbs, languid Heaviness of the whole Body, wandering Pains, Weakness of the Back, and all the vast Variety of Symptoms by which the Scurvy imitates and often lies concealed under the Appearance of the Rheumatism, and many other Distempers.

And for strengthening the Stomach, immediately creating a good Appetite, causing a regular and easy Digestion of Food, and curing all windy Effects and Disorders of the first Passages (wherein proceed Head-achs, Vapours and other Indispositions) no Bitters or any other Medicine upon Earth can compare with them, inasmuch that besides infallibly curing the Scurvy in all its Shapes and Appearances, they also assuredly and immediately cure the Green-sickness in Virgins, Worms of all Kinds in young or old, and almost all other Chronic Diseases, (which are chiefly occasioned by Indigestion and stultus Crudities in the Stomach and Bowels) and thereby prevent Fevers, Agues, and other acute illnesses.

They are wonderfully Cordial and Restorative, strengthen and enliven the whole Machine, and as soon as taken, make the Person pleasantly Lighthearted, brisk and Vigorous to admiration, and as good for all Sorts of Persons, to preserve as well as to procure a sound and healthy State of Body.

But the great Reputation these famous and pleasant Chymical Drops have to universality gain'd among Persons of Eminence, for their suddenly and infallibly curing the Scurvy and all Scorbuteck Humours, and other Chronic Diseases, in such an easy and agreeable Manner, have occasioned many to imitate them, but under the same, and others under other Names: Be careful therefore not to be deceiv'd; but be sure to have the Right, which by the Author's special Appointment, are to be had only at the Goldsmiths, at the Two Blue Posts, in Haydon-Yard, in the 16th no. at 2 s. 6 d. a Bottle, with Directions.

**For the P A L S Y,**

An infallible and speedy Cure, by one entire Medicine, being a most pleasant Chymical Tincture, to be taken in Drops,

**WHICH gives instant Relief in any**

Paralytick or Nervous Indispositions, proceeding from what Cause soever; and also in all Weaknesses, or Decays of Nature, whether from Old Age, or occasioned by continued Illness of Body, or any Irregularities of Living, such as Indulgence, &c. whereby Nature is sorely weakened, and often in a Manner quite spoiled.

This infallible Chymical Tincture is endued with such specific Qualities, that it instantly enters the Nerves, the principal Seat of all Complaints of a Paralytick Kind, restores natural Heat and Strength to a Degree consistent with a good State of Health; and in a very little time perfectly cures all Paralytick Weaknesses of the longest standing; and also the severest or worst Effects of it either on old or young, such as shaking or trembling of the Limbs, Numbness, or even Dumbness on any Part of the Body; as has been happily experienced by great Numbers of both Sexes, and all Ages, before this Publication.

As for any Weaknesses or Decays of Nature, by Age or otherwise, this Tincture has not its Equal; it is so gentle in Operation, as not to give the least Disturbance in taking, but in its Effects so strong and prevalent, that all Decays of Weaknesses of Nature, whether Paralytick, Convulsive, or any other Indispositions attending the Head and Nerves, are instantly relieved, and daily mended; so as in a very little Time a perfect Cure is accomplished.

It is exceeding pleasant to take, safe in Operation, and perfectly agreeable to the Stomach and Palate, greatly helps Digestion, causes a good Appetite, revives and strengthens the whole Human Frame, and is so safe and regular a Cure of all Paralytick, Convulsive, and other Nervous Indispositions, that nothing in the World was ever yet known to cure near it.

It is sold by special Order of the Author, only at Mrs. Markham's Toyshop, the Seven Stars under St. Dunstons Church in Fleet-street, for 3 s. 6 d. each Bottle.
